

September 23, 2018

Boardman High School - 7777 Glenwood Avenue, Boardman, Ohio

11:00 AM to 3:00 PM

The men of the Mahoning Valley need your help!! Gentlemen throughout our community have a higher incidence of prostate cancer than in other areas in the State of Ohio. Why a high rate? If detected early, almost all prostate cancers are curable - yes curable! Men in the Valley often avoid these routine screenings and only visit their physician when their spouses or children force them. Couple this with men's opposition to having a prostate examination and you have the perfect recipe for detecting prostate cancer when its too late. Prostate Cancer screenings save lives which is why we need your help!

Man Up Mahoning Valley, an organization committed to awareness, education and screening for prostate cancer in the Valley, needs your support for a one-of-a-kind car event to be held this September. Every penny raised goes directly toward providing free screenings and education to men in our community.
