The Community Mercy Foundation thrives on support from local community members. The collaboration between the Foundation and supporters provides the financial backing needed to create and fund programs and services that improve healthcare in the surrounding communities. Together, we strive to set an example of generous giving to truly show and fully understand the collaboration, support and benefits the Foundation offers the residents of Clark and Champaign counties.

The Foundation Board exhibits exemplary leadership in distributing philanthropic funds to support initiatives for exceptional healthcare in our communities. Members of the Board have created and enhanced partnerships that align with the Foundation’s efforts to assist with key local healthcare initiatives. In addition, 100 percent of the Board made financial contributions to the Foundation in 2014, showing leadership and commitment to the work of our organization. Furthermore, numerous other community donors, including Community Mercy Health Partners’ employees, gave generously in 2014.

Support from our physicians, CMHP leadership team and various community organizations allows us to continue our work in Clark and Champaign counties. Together we are able to make healthcare better and more accessible for all residents of our communities, while continuing the philanthropic culture within the Foundation.

In total, we raised $1,716,962 in 2014. We ask that you help us match or better that figure this year. Please consider the possibility that one day you, or a loved one, might be in need of one of our many programs and services.

On behalf of the patients and families we serve, thank you for your generosity.

Cordially,

Executive Director

The Community Mercy Foundation • Annual Report 2014  Page 14
Annual gala provides significant support for cancer center

The 2014 Gala, hosted by the Community Mercy Foundation, celebrated the 10th Anniversary of the Springfield Regional Cancer Center. Proceeds from the event, chaired by Deanna and Bill Brougher, are being used to enhance cancer care services and programs for patients and their loved ones. New chemotherapy infusion reclining chairs were the first purchase made from the funds.

“Support from our community has been heartening,” said Kristy Kohl McCready, Executive Director of the Community Mercy Foundation. Through sponsorships, auction and raffle donations, generous bidders, and the 450 people who attended the event, more than $143,000 was raised to benefit the Cancer Center.

According to Pilar Gonzalez Mock, director of the Springfield Regional Cancer Center, the Community Mercy Foundation is an important partner of the Cancer Center. “Our patients and their families benefit from the donations we have received from the Foundation. From support groups, to education materials, equipment and funding for the Appearance Center, our Foundation is always ready to help meet our needs.”

Plans are underway for the 2015 Gala presented by the Community Mercy Foundation. This year’s event will be chaired by Karen and Phil Teusink and will be held Nov. 14 at the Boonshoft Museum in Springfield.

2015 key initiatives

Supporting the ongoing and immediate needs of the healthcare facilities and programs at Community Mercy Health Partners is a goal of the Community Mercy Foundation. Yet each year the Foundation establishes key initiatives that will assist our local healthcare network with the advancement of our access to care. The key initiatives for 2015 include:

• Assisting with equipment needs at the Springfield Regional Cancer Center. This new equipment will bring advanced treatment to our Cancer Center, for the convenient care of our patients and their loved ones.
• Providing support for chronic care clinics in Urbana and Springfield. Chronic health issues have an impact on thousands of residents of Clark and Champaign counties. Our chronic care clinics will provide ongoing monitoring, care and support for residents who have one or more persisting health conditions.

Caring together. MERCY HEALTH

• Securing support for Community Mercy Med Assist. As the only prescription assistance program in Clark and Champaign counties, Community Mercy Med Assist relies entirely on philanthropic donations to underwrite the cost of prescription vouchers for qualifying patients. More than 1,700 people benefitted from Med Assist’s services in 2014.
• Assisting with the important work of Community Mercy Hospice. Hospice at CMHP is a not-for-profit service that is available to patients regardless of their ability to pay. To meet patient and care giver needs, Hospice works closely with the Community Mercy Foundation to utilize philanthropic funds for the benefit of patients and their loved ones.
